

GEM DISTRICT HELPS SUNSHINE

Potatoes and Other Vegetables Are
Donated by Gem People to Cal-
gary Herald Sunshine Fund—
Interesting New Budget from
Gem

GEM, Nov. 16—Ten sacks of potatoes and other vegetables have al-

ready been donated by several members of Gem community to the Calgary Herald Sunshine fund. During the next few weeks every member of this district will be canvassed, and a generous response is anticipated.

Any kind of farm produce will be thankfully accepted and acknowledged by The Herald. Thirty-six sacks are being sent down for this purpose and will be available in

few days. Please reach out a helping hand to the needy and the poor to the man with a family who through no fault of his, is feeling the pinch of depression at the present time.

ent time. We hope to send a generous donation from Gem community, so let us all be prepared to do our bit to help the fellow who is worse off than ourselves, either in

On Dec. 2 the ladies of the Sewing Circle are holding a Christmas sale and dance. The beautiful French doll, dressed in Hollywood, Calif.

A few of the Gem boys are or

place in the Gem school on Friday Nov. 25. The object of the effort is a very worthy one, and a large crowd is anticipated. A blanket will be raffled off during the evening.

Excellent music and a good time is promised. Refreshments at reasonable prices; admission 50 cents.

The many friends of Fitch Keeling will regret to hear that he has

been advised by his doctor to undergo a long deferred operation. He plans to leave for Calgary in the near future for this purpose. We all sincerely hope to hear that the

operation will be a most successful one, and that he will soon be back among his many friends here.

News of the Week

100 DIE IN CUBAN TRAGEDY
 CANAGUEY, Cuba, Nov. 13.—A wide strip of Central Cuba lay prostrate today amid the devastation of a tropical hurricane. In Santa Cruz great devastation was done to crops of at least 1,000 homes, victims of the storm. The little city built on a point jutting into the sea, and of the 50 feet wall of water which wind piled up and rushed inland.

"Slow Down and Live Longer" says a health article. That all right as long as one of those hit and run drivers is not after you.

Peter G. Ten Eyck, president of the New York State Waterways Association, proposes that "England" trade Nova Scotia, New Brunswick, Prince Edward Island, and part of Quebec south of the St. Lawrence river, to the United States as payment for war debt. Evidently, if he is serious, Mr. Ten Eyck thinks the people of the eastern provinces can be bought like a herd of cattle or a band of slaves.

GOLD—ON IT OR OFF IT?
 Whether Canada should stay on or go off the gold standard is a question now occupying the minds of many thoughtful men in Canada.

Premier Bennett, staunch champion of the gold standard, rebukes the advocates of inflation by citing the example of Germany some years ago when the German paper money was printed during the inflation period that the mark became practically worthless.

Germany, however, indulged in an extreme form of inflation. Money was printed promiscuously, and printing presses, working overtime, were unable to catch up with the falling value of the mark.

Today we inflation in a milder form. Great Britain, Australia, Argentina, and other countries have raised their prices. They have been off it for months, and although their money has depreciated in terms of gold and of American money, it has not depreciated to a dangerous point.

Going off the gold standard has actually helped these countries. Australia and Argentina, because their money is depreciated, have been able to buy their wheat crops at a more favorable figure for the buyer. They have sold last year's entire crop, while Canada, still on the gold standard, is at a disadvantage on world markets and is left with a large carryover.

Trade figures show that countries on the gold standard have lost more trade during the past year than those off gold. Trade means wealth, gold or no gold.

Going off gold has, of course, certain disadvantages, but from the experience of other countries it would seem the disadvantages are more than offset by the benefits.

HELP THE RED CROSS
 Next week, Nov. 21 to 26, a province-wide drive will be made for funds for the Red Cross Society. This organization is doing splendid work in giving medical and surgical aid to people in need and who are unable to pay.

There is a cause which deserves support. It is a noble and unselfish one, the help of a fellowman who has been stricken with sickness or accident, who is denied God's greatest blessing, good health.

The people of the province are facing a hard winter. They will be frequently called upon to contribute to charitable organizations. They will be asked to dig down in their pockets and help a brother. Some of us may have to sacrifice luxuries or comforts to help the needy. It may even hurt a little to give. But in giving to the Red Cross, we know that we are giving our share of some poor little crippled child in the Junior Red Cross Hospital, or for the sake of some poor mother, sick, destitute, in need of nursing and medical care but unable to get it because our present day society denies the right to earn a decent living.

The Red Cross is not begging for money. It is appealing to the innate humanness of every man and woman. If you are moved with a desire to contribute something which will help relieve the suffering of a fellow citizen, then give what you can, and give freely.

WHAT OF THE BONUS?
 Announcement comes from Ottawa that the federal government guaranteed about \$18,000,000 so as to permit the wheat pools to hedge during the market slump this fall. Prime Minister R. B. Bennett claims this step was necessary, and that had it not been taken wheat might have dropped to 40 cents a bushel.

Premier Brownlee, commenting on the federal government's action, agrees that some move was necessary to support falling wheat prices.

Mr. Bennett claims that the support already given by the federal government is the equivalent of a five-cent a bushel bonus. This is his argument for declining to give a bonus on the 1932 wheat crop.

This is disappointing news to the western wheat grower. Even if we accept the claim that the market was supported by the federal government's aid to the pools, we still find the grain grower operating at a loss. The farmer is producing wheat at less than cost. Agriculture, the foundation of our national structure, is struggling in the mire. How long can it keep up the struggle? The problem of agriculture is the greatest problem facing Canada today.

SUGGESTS U. S. TAKE PART OF CANADA FOR WAR DEBT
 WASHINGTON, Nov. 14.—The fantastic proposal that "England" should trade part of Quebec, Nova Scotia, New Brunswick, and Prince Edward Island against part of her war debt and that the United States should "purchase" by the same amount all the land in Canada south of the St. Lawrence river before concluding the St. Lawrence waterway treaty, was made to a senate committee on Monday by Peter G. Ten Eyck, president of the New York State Waterways Association. Testifying before a senate foreign relations sub-committee, Ten Eyck said the acquisition of such lands would be necessary to insure the United States the same benefits that Canada would derive from the waterway development.

BRITAIN AND FRANCE ASK POSTPONEMENT
 WASHINGTON, Nov. 14.—Great Britain and France each \$4,000,000,000 debtors of the United States, today sought relief from further payments pending an international conference on world debt problems. Publication of their formal requests, made to a government already on record against further reduction or expropriation, coincided with a telegram from President Hoover to President-elect Roosevelt, inviting the emperor to a conference on the subject—an action without effect precedent in all presidential history.

BRITAIN ASKS TO HELP WORLD TRADE
 LONDON, Nov. 12.—The British proposals for suspension of British war debt payments due to the United States Dec. 15, made public in Washington, was described by government officials tonight as "a business move in the interests of the whole world." The British government considered that an announcement that Britain had started negotiations with the U. S. for settlement of her war debt and the small trade negotiations are concluded no further payments will be made, would have the salutary effect of stabilizing world confidence and promoting recovery of trade.

CLAIMS FRENCH ARMY ON FRONTIER
 COLOGNE, Germany, Nov. 14.—In an exhaustive discussion of French military organization and equipment, the Koehnische Illustrirte Zeitung, a widely read weekly circulated internationally and throughout Germany, reaches the conclusion that "before the gates of Germany there stands the best equipped army in the world, ready to march." The publishers claim every detail can be proved. Outstanding among the statements are these: That "within a week, and without special parliamentary authorization, France could put into action 45 infantry, five cavalry, and four air divisions; that "the French military budget does not show what the nation is spending on armaments; that "the French navy manoeuvres in recent years have evinced a clearly aggressive tendency."

DOMINION HELP FOR NY YURVED
 CANBERRA, Australia, Nov. 10.—A further angle to the armament question, directly concerning the British Empire, was revealed in the Commonwealth Senate today by Sir George Pearce, minister of defence in the Australian government. The minister said tonight that negotiations were being conducted with a view to the revision of Australia's share in the defence of the Empire. The negotiations involved the lessening of Australia's share and an increase in those of other dominions.

PRIMARIES TO ASK OTTAWA TO ASSUME MORE ON RELIEF
 WINNIPEG, Nov. 14.—A united plea to have the Dominion Government take over a larger share of the cost of unemployment relief will be made by representatives of the three prairie provinces. Delegates from Saskatchewan, Alberta, and Manitoba are tonight in Ottawa. The party included Hon. Geo. Howland, minister and acting premier of Alberta. The Dominion Government will be asked to pay 50 per cent of the cost of family relief instead of the former 25 per cent. Continuation this winter of the plan of financial assistance followed last year also will be urged. Under this plan the Dominion aided the provinces and the provinces in turn aided the municipalities.

ROOSEVELT PLANS AGRICULTURE AID
 WASHINGTON, Nov. 10.—Franklin D. Roosevelt's first presidential move toward aiding the United States farm population of 22,000,000 is expected to be the convocation of a national agricultural conference. Primarily Roosevelt has said, he wishes to give that portion of crop consumed in the United States a bonus equivalent to a tariff sufficient to produce an adequate price and that he intends to attack the disparity between the price of the farmer's sale and what he buys, by stimulating international trade through tariff adjustments.

ADVOCATES UNEMPLOYMENT BOARD
 WINNIPEG, Nov. 14.—Establishment of a national unemployed board of three full time members was advocated today by P. C. Brown, chairman of the B. C. division of the Canadian Manufacturers' Ass'n. Mr. Brown said he felt he was safe in saying there was ample evidence of failure to grasp the magnitude of the unemployment problem or to deal with it in a way to derive the best results. He thought there had been a lack of co-ordinated effort to solve this problem.

CANADIAN LOAN BALANCE
 MONTREAL, Nov. 14.—But \$1,000,000 of the Dominion of Canada \$50,000,000 loan remains to be subscribed, with the subscription today that \$500,000 was taken during the short Saturday half-day of canvassing.

RURAL SCHOOL INAUGURATES TECHNICAL CLASS
 What is stated to be the first rural school in the province is to inaugurate classes in technical education at the Labour school district near Warpage, Alta., in which the board of the Halton school at Warpage co-operates. The initial enrolment was 16 pupils.

Great Britain and Japan are said to be the greatest foreign investors in China. Their investments being about five times those of the U. S.

WHAT HAS SILK TO DO WITH FLOUR?

There is romance behind the scene wherever food products are made. Manufacturing processes are often interlinked with industries throughout the globe. Take, for instance, the silk industry. Who would think that it plays such an important part in the miller of flour on the western prairies? As a matter of fact, it does.

This silk is used in an intricate system of silk sieves, or "bolters," that remove dust and fibre from flour. These sieves are extraordinarily fine—some have more than 100 meshes to the inch. Only the pure flour granules pass through the sieve—the dust and fibre is taken off and used as hog feed. This process of bolting ensures that the housewife receives her flour clean and pure, free from dust and fibre.

Between the thumb and finger this fibre lies flat on a carpet sweeper. When sieves are in ordinary flour, it retards the action of yeast in the dough, resulting in small flat loaves, heavy in texture and poppling in flavor. It is explained that if essentially milled flour so farther in baking because they contain only clean, pure flour granules—no dust, no fibre. When milled in the dough this fibre responds to yeast gases readily and the bread rises high in the pan, producing more loaves of better bread.

Looking Better

The dairy industry in western Canada is on the up-turn. Prices have improved considerably during the past few months, and indications point to a further improvement.

Are you ready to increase your cream output and take advantage of these improved conditions?

We can help you get the most from your cream by giving you good service, market prices, and accurate weight and grade.

Do Contest

ONE VOTE with each cent of purchases. \$1.00 purchase=100 votes

Fifteen Beautiful Prizes

Three Doll Carriages with Dolls & Thirteen Lovely Dolls.

These Prizes Valued from \$1.25 up to \$16.50 each

Given away at your **REXALL Drug Store**

to the fifteen little girls receiving the largest number of votes in the Rexall Drug Store Doll Contest between November 19th and Christmas Eve, December 24th.

The awards will be made Christmas morning at ten o'clock

For each cent spent at our store, with the exception of Patent Medicines and Toilet Articles not manufactured by the United Drug Co., Ltd., during the period stated above, each customer may cast a vote. Ask all your friends to write your name on the ballot before they put it into the Ballot Box in our store.

Rules Governing the Rexall Drug Store Doll Contest for 1932

- No girl over 12 years old may be entered.
- Only one nomination blank to be placed to the credit of each contestant. Any person may nominate a candidate for this contest. Simply come in to our store and without obligation, fill in a nomination blank with the name of your candidate. Each candidate receives 100 free votes with nomination.
- Any piece of paper may be used as a ballot. Every ballot must be stamped by the proprietor or one of our sales force, before being deposited in the Ballot Box.
- No contestant shall solicit votes or canvasser while in the store. No Ballot Blanks shall be taken from the store.
- No Ballots may be deposited in the Ballot Box before November 19th or after 10 o'clock Christmas Eve.
- No Ballots will be given except at actual time of sale. Do not ask for them at any other time.
- Any Ballots showing traces of any change in number of votes marked will be destroyed without being counted.
- In the event of a tie for any prize offered, a prize identical with that tied for will be awarded to each trying contestant.

Come in any time after the middle of November and see the beautiful prizes. Ask any questions you wish about the contest, because we are glad to have you do so.

One Vote May be Cast for Every Cent Spent in Our Store

at the Cigar, Candy, Stationery, and other departments, with the above exceptions.

FOURTEENTH INSTALLMENT

Another disturbing night. These above them. Those offensive tools on the bridge were signalling, they were always signalling, or something. Rantoul was frantic. Then another and another rocked off into the blackening sky. It was late, late, late. A lead shuddered across of the fuselage, the shaking wave about being like cotton overhead. Josephine clung desperately to Rantoul. What a terrific strength the girl had! The engines were stopped and safety valves were lifting on the tortured boilers.

The sea had changed, the great ship was slugging. Peering off into the dark, Rantoul saw a ghostly wall, a lowering apparition loomed above them above the funnels, close aboard and drawing slowly asterside. Of course, how lucky they had missed it. Ugh! It was cold. His limbs ached, he shivered. He wished Josephine in jail. Perhaps he had been a bit hasty. She stirred uneasily, he also saw his ice. A feeling of guilty terror seized him. His arm was tired, his head reeling, almost as vigorous as he had been in years past.

Then the boat deck was stirred, with men far forward on the bridge. Little flashes of light were in darkness before. The radio was shaking. The steamers were in shak. Seamen with axes and knives were running aft. An officer, his trousers hastily tucked into short boots, brushed past them. Josephine saw him smile. But she was shaking about. "The excitement," she said, "hasn't happened."

Boats were swinging, chocks were being dropped, hard drumming. The falls were being hauled. Many seamen were calling far away and near. "Steady there, boys, sir! Right, right, steady, steady, men! All right, swing aft, swing aft!"

COUNCIL MEETING

COUNCIL MEETING

The regular monthly meeting of the town council was held Monday evening Nov. 7, with all councillors and the mayor present.

Under a new resolution the secretary treasurer must report at the end of each month the amount of money received during that month.

Sec. Treas. Jas. R. Donaldson reported the balance of \$14,671 received during October.

Under a resolution passed at the previous meeting, Frank Mead reported 3 barrels during October: on clerk reported in the water tank, the pump line to the house repaired, the poles on the pump line, had taken it by the nose and packed it down.

A pool of greenish white, thrown on deck by a ring, marked the spot where the light was placed out of sight. A huge hand, apparition, had taken it by the nose and packed it down.

Only faint red and a discolored cluster of overladen boats remained. Much of confusion and some acts of audacity and asserted and diverse stories, legends and myths, came out of the night.

At the very last he died, a gentleman, a brave gentleman, calm and unafraid. Van Horn had placed Mrs. Westwood in a boat, so Aunt Van was saved. He had called along the dock for Josephine. Some one assured him she had been taken.

He had called along the dock for Josephine. Some one assured him she had been taken. He had called along the dock for Josephine. Some one assured him she had been taken.

Here's an Attractive Offer

This Year The Bassano Mail is offering a cabinet of nice Christmas Cards with each year's subscription - new or renewal. The cabinet contains eight Christmas Cards, each of a different design, with envelopes to match. The actual value of the lot is six cents.

As a special inducement to new and old subscribers we are offering this cabinet free with each \$2.00 subscription. If your subscription is in arrears and amount \$2.00, you will receive two cabinets of cards when the account is paid, and so on for larger amounts.

To subscribers remitting by mail we will send the cabinet of cards postpaid. This offer does not apply to those who pay their subscription through our wheat payment plan.

THE BASSANO MAIL

Keep our own people employed

Definite action is required in times of economic depression. Co-operation and mutual support are the very best bulwarks against unemployment.

You can assist in solving the problem here in our Province by demanding Made-in-Alberta Beverages.

The Brewing Industry of Alberta

The issue of 16,000,000 Canadian one-cent pieces during the past year by the department of finance required 46 tons of copper.

A single lightning flash during an electrical storm may release as many as 1,000,000 Kilowatts of electric power.

Waterpots have been seen at sea more than a mile high.

Denmark's government has noted all foreign jinx bands to leave the country.

A single lightning flash during an electrical storm may release as many as 1,000,000 Kilowatts of electric power.

THE PICTURES

Riddle Cantor, king of comedians, Broadway's idol, and prince of fun makers, comes to the Orpheum Theatre Thursday, Friday, and Saturday of this week, Nov. 18, 19, and 20, in "Palm Days." Hailed as the greatest show on earth, "Palm Days" is an endless series of laughs, surprises, and thrills that will keep you in an ecstasy of merriment. You'll howl at Riddle Cantor as he Frenchly juggles, holding a side-splitting escape; roar at him as the efficiency expert of a doughnut factory, "Palm Days," out-whoops "Whoops," that glorious fun spectacle with his name. Riddle Cantor starring. Charlotte Greenwood plays the leading feminine role, and there is also a company of the world's most beautiful girls who dance and sing the song hits of the day. Here is the last word in superlative entertainment. You'll want to see it at least twice.

A special program with Rudy Vallee in "The Vagabond Lover" has been arranged for Monday and Tuesday next, Nov. 21 and 22. Macie Greaser plays a leading role in this great picture of the minstrel Don Juan who has set aflame the romantic heart of the world. "Radio Pictures" left nothing out of "The Vagabond Lover" that makes for excellent entertainment. First of all it features Rudy Vallee, peer of the saxophone, crooner of hot love songs, and a varied number of the collective hearts of Miss and Mrs. North America. Backing this with a colorful orchestral background are the world famous Continental Yankees, in a varied number of selections. Mr. Vallee, aside from crooning four new songs, reveals a natural acting ability, that's usually refreshing after seeing so many scenery manipulators perform. Then there's Marie Dressler, witty and full of glowing humor, in the supporting cast, and Sally Blane, playing opposite Mr. Vallee.

Greta Garbo will be seen Friday and Saturday only, of next week, Nov. 25 an odd, in "As You Desire Me." This is the story of a woman who thought she knew men—living a life—Worshipping a love that belonged to another. The supporting cast includes Mervyn Douglas, Erich Von Stroheim, Owen Moore, Hedra Hopper.

Some crabs resemble small stones of the beach on which they dwell.

LOCAL NOTES

Many local people have been stricken with severe colds or flu in the past week or two. Mrs. J. Johnston is ill, also Mrs. W. L. Flanagan, J. N. Cawsey, and Miss Gladys Hayes.

Mrs. H. Cressman, of Vauxhall, is visiting in Bassano with Mrs. L. Roach.

A. O. Bond, Dr. A. O. Woot, E. P. Currie, H. J. Johnson, and Dr. W. P. Keith motored to Brooks last Tuesday evening to attend the Masonic lodge meeting there.

A dance will be held in the Masonic Hall Friday evening, Nov. 18, after the Chautauque program.

The W. L. will hold a whist drive and dance in the Masonic Hall Friday evening, Dec. 3. A quilt will be given away to the holder of the lucky ticket.

A tea, sale of work and home cooking will be held at Currie & Milroy's store by the lady members of the Anglican Church on Dec. 3, from 3 to 6 p.m.

Mrs. Frank Mead is a patient in local hospital, she is recovering after an operation for appendicitis.

Mrs. H. T. Johnson is numbered among the many who are ill in Bassano at the present time.

A son was born to Mr. and Mrs. Wm. Borchert, of Rosemary, on Saturday, Nov. 12, at the Bassano hospital.

D. Leitch, of Crawling Valley, was brought to Bassano a few days ago and is now a patient in the hospital here.

MISCELLANEOUS SHOWER

A miscellaneous shower, in honor of Mrs. Ben Steinbach, was given at the home of Mrs. H. T. Johnson on Wednesday evening, Nov. 3. Fourteen ladies were present. The guest of honor received many beautiful bouquets and gifts. The evening was spent in music and games, and lunch was served at 11 p.m.

MANY AT CHURCH ARMISTICE DAY

The Anglican Church was crowded for the special Armistice Day service last Friday morning, Nov. 11. The service opened at 10:30 a.m. and was conducted by the Rev. Canon Harrison, assisted by Rev. P. C. McCree.

Canon Harrison gave a brief and impressive address, and at its conclusion the congregation stood in observance of the two minutes of silence at 11 o'clock. The words "God Forgive" and "Remember" were sounded by W. J. Redmond. Many local veterans of the Great War attended the service.

WHEAT PRICES

Closing wheat prices at Winnipeg, Wed. Nov. 16, Dec. 4, 1939: Nov. 40 1-2; May 50 1-2; July 51 1-3.

DISTRICT COURT

District court will be held in Bassano Thursday of this week, Nov. 17, with Judge W. A. Macdonald presiding. There are six cases to be heard, including two small debt actions, two large debt actions and two interpleader actions. Three naturalization applications will be heard.

DUCHESS NEWS

DUCHESS, Nov. 16—A large crowd of about 100 people, enjoyed the social frothing held in the United Church Wednesday evening. A good program was given and at the close refreshments were served. Pleasure to see so many of our Rosemary friends there, and hope you will come again. Mr. and Mrs. H. L. McDonald and daughters Jean and Lois, left last Friday for their home in Manhattan Kansas.

Mrs. M. Root spent Remembrance Day with Mr. Root in Jenner. Mr. Root is doing carpenter work there. The idea given by the Ladies' Aid Saturday was well patronized considering the cold stormy weather. The Ladies' Aid are holding a gift tea at the home of Mrs. B. R. Sissons Thursday afternoon.

Mrs. Redfield and Miss Wilson of Hellebore, of Crowfoot, were weekend guests at the Spicer home.

W. J. Smith, of Bassano, was a business caller in Duchess Thursday afternoon.

KNOX PRESBYTERIAN CHURCH Rev. P. C. McCree, Minister "The Church Where Everybody Feels Home" Sunday, Nov. 20, 1939

11 a.m. Sunday School and Bible Class. We have a special service for you in our School of Religion. 7:30 p.m.—Evening Worship, subject, "The Power of the Spirit."

Everybody Welcome
